

Houston Metro

Rich ecosystems with high concentrations of oil, energy and space exploration firms

Equinix Houston data center

Equinix is the world's digital infrastructure company. Digital leaders harness our trusted platform to bring together and interconnect the foundational infrastructure that powers their success.

Our Houston data center is a business hub for 20+ customers. Here, customers can connect with leaders from a range of global and regional industry ecosystems and find the interconnection essential to opportunity and growth in a digital age.

Houston is home to a robust energy sector, hosting more than 3,600 energy-related organizations and 10 of the U.S.'s top 25 oil and gas exploration and production firms. It has the fourth-largest GDP and fifth-largest population of all North American metros. Additionally, Houston is home to the fourth-highest concentration of Fortune 500 companies in the U.S. and large numbers of space exploration, chemical, financial services, agribusiness and IT firms.

Our International Business Exchange™ (IBX®) data center in the Greater Houston area offers more than 76,000 square feet (7,100 square meters) of colocation space.

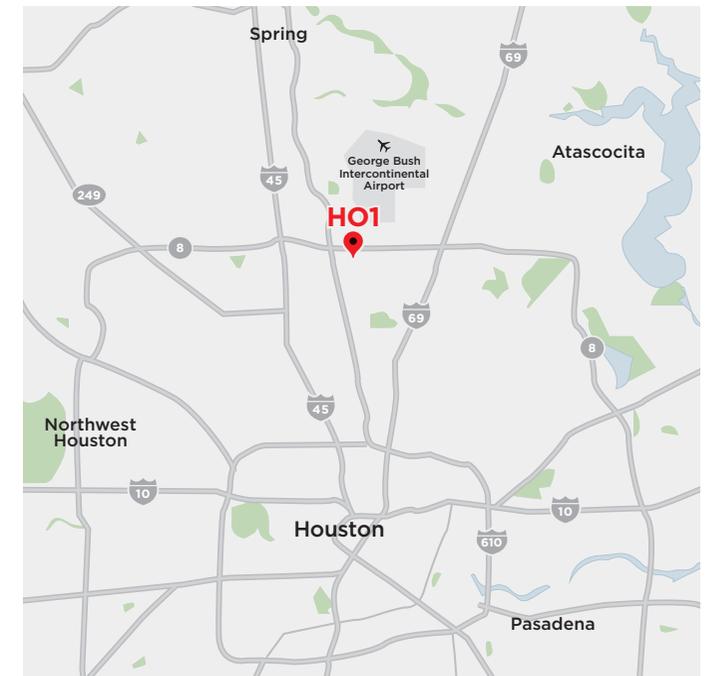

To learn more about interconnection opportunities in Houston, visit the Explorer feature within [Equinix Marketplace](#).
