

OTTAWA METRO

IDEAL LOCATION FOR HIGH SECURITY REQUIREMENTS

Strategically located across the Ottawa River in nearby Gatineau, the OT1 data center serves the core Ottawa market by offering access to blue chip customers with high security requirements.

Canada's capital is an important interconnection location for national and global companies, and the OT1 carrier-neutral facility provides fiber connectivity with three leading telecom providers, including Bell. The site also houses robust enterprise, financial and government ecosystems.

Ottawa Metro Facility

The Equinix OT1 Ottawa International Business Exchange™ (IBX®) data center is a two-story concrete building offering 21,400 square feet (1,989 square meters) of rentable colocation space.

Built for reliability and designed to exceed the digital needs of enterprises and government agencies, the Ottawa IBX offers capacity for high-density deployments and a variety of multicloud connectivity options.

All customer deployments at Equinix Ottawa are backed by industry-leading security practices and >99.9999% uptime reliability. The site also offers many energy-saving measures, including free cooling, heat wheels and overhead airflow distribution.

Why Equinix

- Interconnect with the largest industry ecosystems.
- Optimize communications and exchange data with enterprises, content providers, and cloud, network and internet service providers.
- Leverage Performance Hub® to enable next-generation WAN architecture for secure and highly reliable connectivity to network, cloud and IT service providers.
- Provide cloud and internet services quickly and easily to Equinix-deployed customers.
- Interconnect with top content companies to reduce latency and help improve user experience.
- Certified to meet rigorous environmental and energy management standards.
- 220+ data centers, 63 major markets, 26 countries and an industry-leading >99.9999% average uptime record.
- Connect directly with our global ecosystem of 9,500+ customers that are interconnected with 378,000+ virtual connections.
