

SYDNEY METRO

THE LARGEST INTERCONNECTED DATA CENTER CAMPUS IN AUSTRALIA

Equinix's Sydney International Business Exchange™ (IBX®) data centers are business hubs for 755+ companies, where a high performance platform for private interconnection is available for digital services. These facilities are home to the richest ecosystem of enterprises in Australia, including 160+ network service providers, 280+ cloud and IT service providers, 60+ content and digital media providers.

Our Sydney facilities allow customer to access the broadest range of cloud, which includes AWS, Microsoft Azure, IBM Softlayer, Google Cloud, Oracle Cloud Infrastructure. Customer can also take advantage of peering opportunities with direct access to the largest peering platform in Australia, and access to the key subsea cable facilities - Hawaiki Cable, Southern Cross Cable, PIPE Pacific Cable.

Sydney Metro Facilities

The Equinix Sydney's IBX data centers consist of eight facilities networked across two campuses, with the Mascot campus hosting the largest interconnection density.

In addition to inter-city interconnection, inter-regional connectivity between Equinix IBX facilities is also available to give customer greater geographical diversity, flexibility and redundancy options.
