The provision of the Service is subject to Equinix's Terms and Conditions of Service as revised and published from time to time.

In addition to Equinix's Terms and Conditions of Service, the following special conditions will apply to the Services:

1. The Service is subject to the Customer's equipment meeting the relevant specifications for interoperability with Equinix's Network. Any equipment which the Customer intends to connect to Equinix 's Network for the purpose of the Service must be approved by Equinix prior to any connection, and must be in compliance with the technical standards specified by Equinix. At the time of application for service the Customer must provide all details regarding the equipment which it intends to connect to Equinix's Network. Equinix may reject the application if the required information is not provided or Equinix confirms that the said equipment does not comply with Equinix's technical standards. Equinix has the right to disconnect the Customer's equipment connected to Equinix network, at any time and without any liability to be the Customer, if :-
 - The configurations or technical specifications of such equipment so connected differ from the details provided by the Customer in its application for the Service;
 - There is any malfunction of the equipment ; or
 - The provision of the Service to the Customer is terminated or discontinued for any reason whatsoever.
2. The provision of the Service is subject to site feasibility and available resources of Equinix.

3. Minimum subscription period for the Service is twelve (12) months unless otherwise specified in the Order form. Customer is liable to pay for the monthly charges for the remaining contract months in the event of disconnection before the minimum term expiry.
4. Unless otherwise specified, both monthly charges and Non-recurring charge are per circuit basis. Additional costs for civil or fiber work will be quoted on a case-by-case basis.
